DETAILED ACTION***Drawings***

New corrected drawings are required in this application including changed in applicant's proposed drawing filed 6/28/04. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Response to Amendment

A telephone call was placed to J. Huang on 7/23/04 to request a supplemental amendment, however the call did not result in such an amendment as J. Huang could not be reached. Therefore, in accordance with MPEP 714.20(C), applicant's amendment filed 6/28/04 will be entered only with respect to formal matters as prosecution on the merits was closed in the Official Action mailed 03/18/04 and in accordance with the practice under *Ex parte* Quayle 1935 C.D. 11, 453 O.G. 213. Applicant's amendment, rewriting claims 3, and 5 in independent form, without including all the limitations of the original claims, constitutes adding one or more claims some or all of which requiring further search. Applicant has no right to have new claims considered or entered at this point, once prosecution on the merits is closed. As such applicant's amendments to claims 1, 3, 5 and 10 are not entered. All claims stand as originally filed. Applicant's submission of a substitute specification is entered as are the drawing changes.
